Gen. Curtis S. Lettey Communder

Strategic Air Comund offutt Air Force Bess maha, lebraska

lear (eneral eny:

I have just dictated a letter to General Twining thanking him for the trip which was arranged by the Air Force Headquarters for a number of our people to visit AC. I imagine that this will reach you in die course. However, I wish to express to you my personal appreciation for the efforts made by SAC to make this trip profitable.

As I said to deneral Twining, I know from my own experience that trips of this sort are very educational and contribute a great deal to one's background as he approaches his work. in efforts such as ours, which are closely inter-related with the work of the services, this type of midance is most valuable.

Thank you again for all that your organization did to make the visit beneficial. I would appreciate it if you would pass my thanks to the Air Force Commander involved, as well as to the unit commanders.

discrely,

S	T.	Α	Γ
